

Our LENA Day!

LENA®

Every week my class has
a very special day.

We call it a **LENA Day!**

It's not so different
than a regular day.

So what makes it special?

We get to wear a **vest**
and a **device**!

Every LENA Day my teacher helps me put on the vest.

I leave the vest on all day.

I leave the device alone — I don't ever touch it or take it out of the pocket.

It's like playing
dress up.

Amara pretends
she is a superhero!

Ivan pretends he is a
race car driver.

I imagine
I am an astronaut!

During the LENA Day
we learn together,
eat snacks together,
play together,
and have fun together!

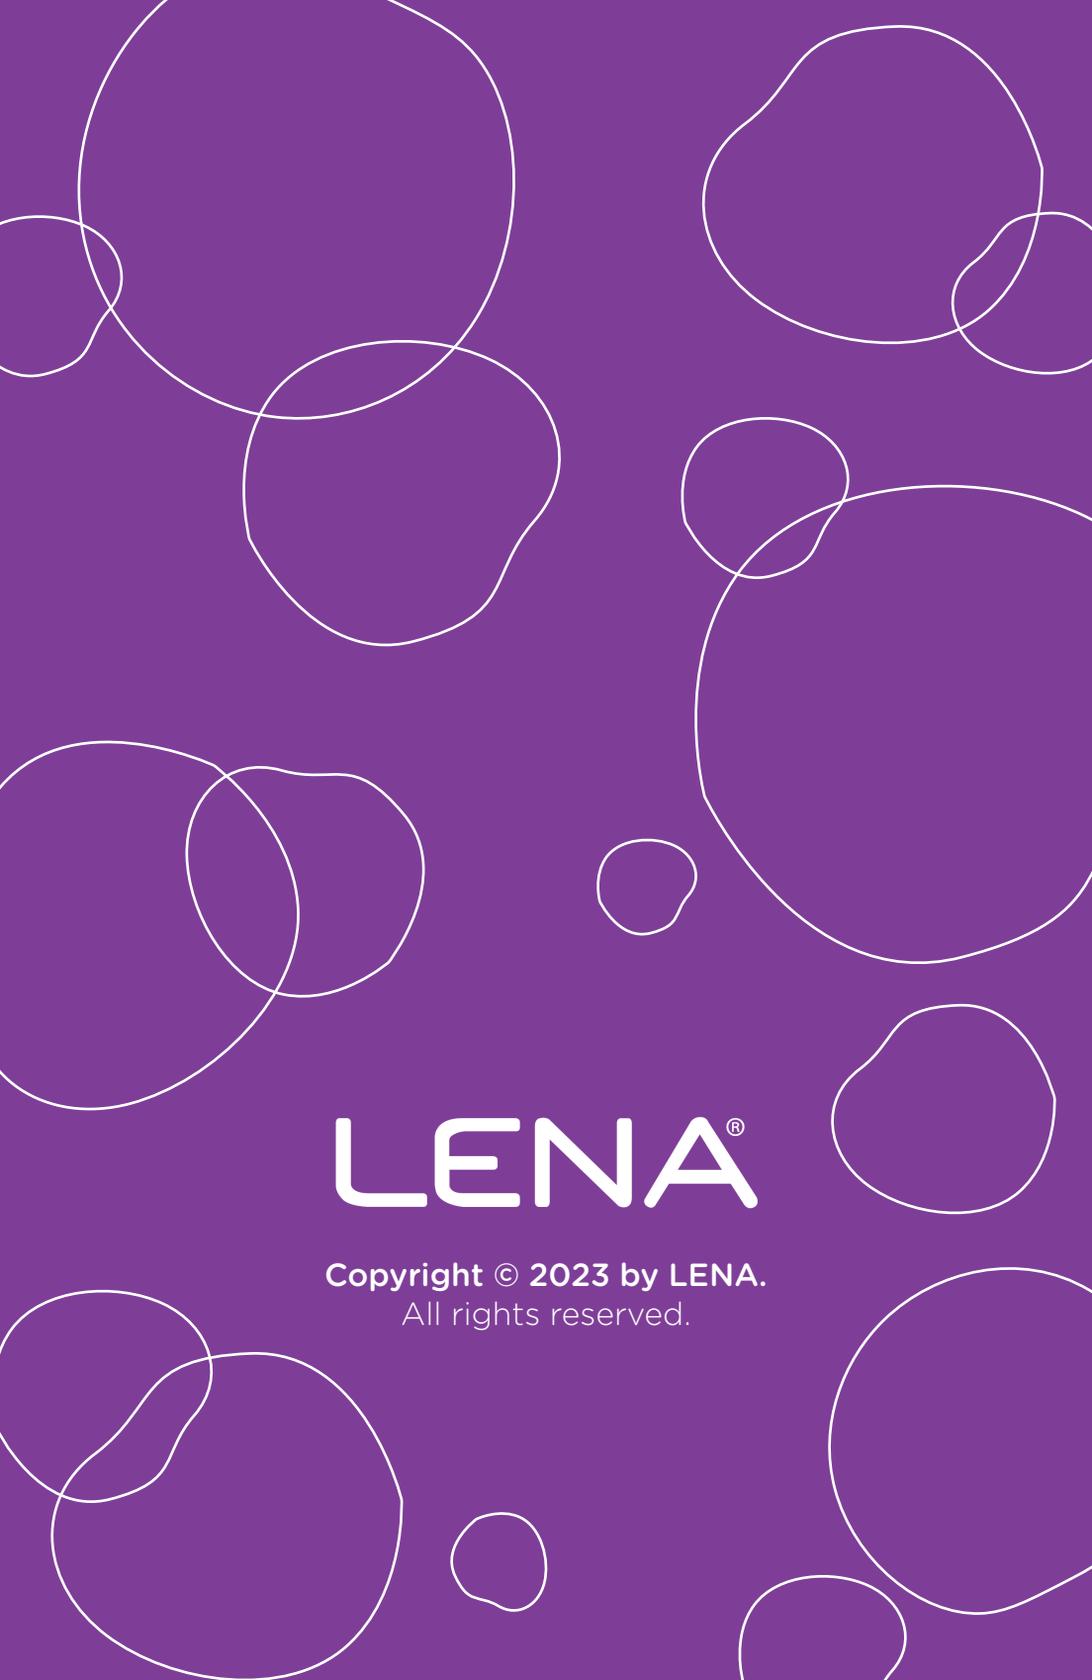

When it's time to go home, my teacher takes off the vest, turns off the device, and puts everything away until our next LENA Day.

I can't wait
to do it again
next week!

The background is a solid purple color. It is decorated with numerous white, hand-drawn circles of various sizes. Some circles are perfectly round, while others are slightly irregular, giving a soft, organic feel. The circles are scattered across the page, with some overlapping each other.
