

Teacher App Reports 📱

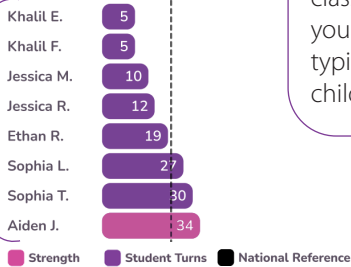

Put **classroom data** into teacher's hands.

Class daily turns shows how many turns each child is experiencing on average

STRENGTH

Aiden experienced the most turns this week!

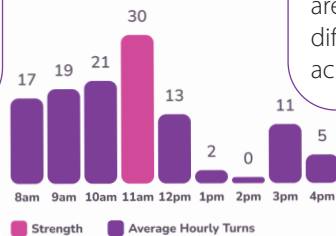

National benchmark, calculated from thousands of classrooms, helps you see what's typical in an early childhood setting.

STRENGTH

Yay! 11am was the time of day with the most turns.

Class hourly graph shows how interactions are influenced by different activities across the day.

Automated data insights help teachers recognize and build on their strengths.

Measure **individual child growth**.

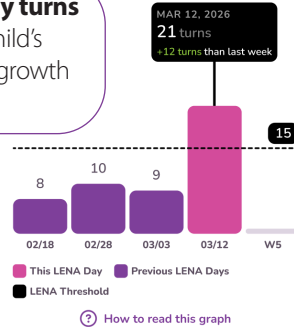

Weekly goal setting and tracking helps teachers create immediate lasting change.

WEEK 4 GOAL

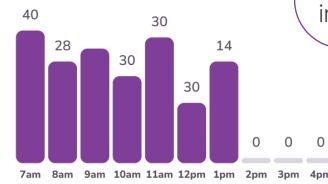

Increase turns with **Marina C.** this week using the strategy **tune in and respond**.

Child daily turns shows a child's language growth over time.

In-app guides help teachers interpret data and build data literacy.

HOURLY TURNS
December 5, 2025

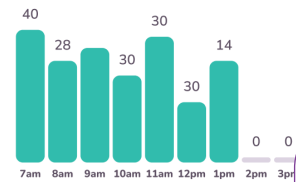

Hourly child turns help teachers see when children are having more and fewer brain-building back-and-forth interactions

Summary
1pm Highest hour
68 Total turns
26 Avg turn

Scroll through reports to see trends and change over time

HOURLY VOCALIZATIONS
December 5, 2025

Hourly child vocalizations count a child's total speech-related sounds, showing opportunities for adult engagement.

Summary
1pm Highest hour
68 Avg vocs

Coaching Report

Weekly email recaps for coaches and site directors + in-depth reports

Reflection prompts help teachers dig deeper when reviewing data in the app, setting them up for more productive coaching discussions.

Automated goal analysis lets teachers and coaches know whether a goal was met.

Automated data insights match what teachers see in the app to support strengths-based coaching.

Week 3 Teacher Report

Purple Room
Rainbow Center - Spring 2026

TILLY TEACHER

Reflect

How did you feel about your LENA Day?

Better than last time but some of the kids were kind of sick today.

Week 3 Goal: MET!

Increase turns for **11am to 12pm** using the strategy **wait for their response**.

How did it go working on this goal?

Great! During lunch I sat and ate with the kids and gave them extra time to answer my questions rather than doing all the talking.

Strength

Consistent progress! Turns with Kairo have increased for multiple weeks.

What specific thing did you do to increase turns for Kairo?

I tuned in and responded.

Goal For Next LENA Day

Week 4 Goal

Increase turns for **Sarah F.** using the strategy **be silly and have fun**.
